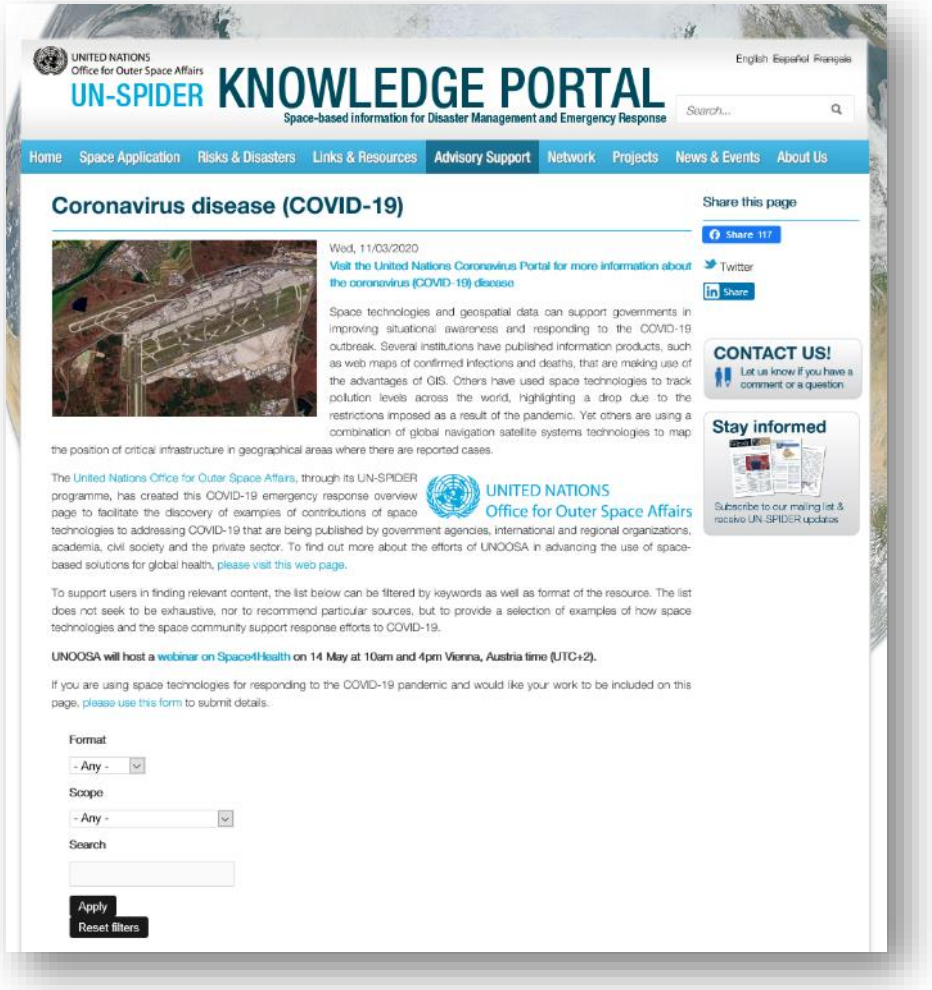
Facilitating discovery of space applications related to COVID-19

UNITED NATIONS
Office for Outer Space Affairs

SPACE4SDGS



- UN-SPIDER Knowledge Portal is a gateway to space-based information for disaster management
- Regular updates and background information space-based applications, data sources, tools, workflows etc. to support disaster management
- Currently 74 examples of space technologies and the space community responding to the COVID-19 pandemic
- Option to filter by scope, e.g. “situational awareness”, “risk assessments”…
